The MN Men's Action Network was initiated by the Minnesota Department of Health (MDH) to build a public/private prevention effort that promotes male leadership. To this end, a collaborative effort between the MDH, Men as Peacemakers in Duluth and the Gender Violence Institute in Clearwater has been created to develop a network of men and male leaders involved in primary prevention practices. Current efforts are being supported by MDH, the Bush Foundation, the MN Department of Public Safety and Safe Haven Shelter in Duluth.
